REVISIONS TO UNIVERSITY ACADEMIC POLICIES

Revisions were made to several university academic policies in the preceding months:

Revisions to remove references to the *Indiana University Library Faculty Handbook* and to remove references to the IU Libraries Faculty Review Board, which dissolved in 2012. The revisions are administrative and serve to align library faculty policy language more closely to that of the faculty. The changes were approved by the UFC in February, 2016.

[The revised portions of the affected policies are shown in the Appendix to this AAR. New language is underlined. Language eliminated is struck-out.]
